

# Thomas Armstrong (Construction) Limited

**CLIENT:** Borough of Barrow-in-Furness

**PROJECT:** Workshop Development, Forge Close

**COMPLETION:** October 2008

**CONTRACT:** JCT 98

## PROJECT DESCRIPTION:

The work was the construction of seven units in one block. All units comprised concrete foundations and ground slab, structural steel frame, brick and block external walls and flat metal cladding.

Site work included underground drainage, concrete service yards, macadam car parks, pedestrian paving, landscaping, external lighting, incoming gas, water and electrical services.
