

Thomas Armstrong (Construction) Limited

CLIENT: Aldi Stores Limited

PROJECT: Extension to Aldi Store, Cockermouth

COMPLETION: October 2009

CONTRACT: IFC 98 Aldi Stores Contract

PROJECT DESCRIPTION:

This project involved Sectional Completion and Phasing to suit the Clients requirements in order for the existing store to keep trading.

Phase 1 was the carpet extension and formation of a new vehicular access, prior to closing the existing entrance and parts of the car park.

Phase 2 was to remove the existing shop frontage, extend store by some 200m² and carry out modernisation works within the existing store. For which close liaison and phasing was required between the Client, direct fit-out contractors and the main Contractor. The contract was completed on time and within budget.
